REACH STATEMENT

In compliance to Europe's Health and Safety Guidelines Sponge-Jet, Inc has had its Sponge Media evaluated by a leading European Center for Environment and Technology. In their opinion:

"your products are articles according to REACH. Articles demand no MSDS in Europe, but we still recommend to have an MSDS as you are obliged to give information on safe use of your products"

Based on this evaluation Sponge-Jet, Inc has produced the following REACH Statement:

Sponge-Jet's Position April 2009

This statement reflects Sponge-Jet's Position on the applicability of: *European Union Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) to Sponge-Jet, Inc's operations.*

Products sold by Sponge-Jet, Inc are "articles" as defined in REACH Article 3(3). There is no intended release of substances from the products sold by Sponge-Jet, Inc, under normal or reasonably foreseeable conditions of use, therefore the requirement in REACH Article 7 (1)(b) to register substances contained in articles and intended to be released under normal or reasonably foreseeable conditions of use does not apply.

A handwritten signature in black ink, appearing to read "Michael Merritt".
